33rd Greater Peoria Farm Show Features Over 300 Ag Exhibits & Seminars

November 18, 2014 – Peoria, Illinois – Peoria will once-again play host to the Greater PEORIA Show December 2, 3, & 4, 2014. With over 300 companies featuring 1000+ product lines in over 900 exhibit booths, the event is the largest indoor farm show in Illinois and also recognized as one of the premier agricultural events in the United States. Over 20,000 area farmers are expected to visit the show over three big days.

Illinois is a National Leader in Agriculture – and BIG Equipment

Illinois is home to over 76,000 farms and 28 million acres of farmland, making it a top producer of corn, soybeans, and other specialty crops. Beef cattle and dairy operations are also key components of Illinois' agricultural economy. With its central location and access to excellent transportation, the Illinois agricultural economy has established itself as the United States second largest exporter of agricultural products, with over \$4 billion worth shipped annually.

Home to Caterpillar, Peoria, Illinois knows a thing or two about managing large equipment and putting on large events. The Peoria Civic Center provides excellent facilities, with over 100,000 square feet of exhibit space, and plenty of space for educational seminars and special events. Jim Wetherington, General Manager of the Peoria Civic Center states, *"The Greater Peoria Farm Show is one of our biggest events of the year, and our goal is to roll out the red carpet for visiting farmers and exhibitors. Along with the great show, there are a lot of exciting new things to do in downtown Peoria."*

Seminars focus on the Crop Weather Outlook and Aerial Drones

Educational seminars will be featured on the first two days of the Show (Tue & Wed). Iowa State Univ. Agronomist, Elwynn Taylor will deliver the *2015 Crop Weather Outlook* at 11am on Tuesday.

Ag technology guru, Chad Colby, of AgTechTalk.com will provide his insight into the future with his presentation, *“Aerial Drones in Agriculture”* at 1:30pm on Tuesday and Wednesday. Along with his presentation, Chad will have many drones on display.
